

Embothrium coccineum

COMMON NAME

Chilean fire bush

FAMILY

Proteaceae

AUTHORITY

Embothrium coccineum J.R.Forst. & G.Forst.

FLORA CATEGORY

Vascular – Exotic

STRUCTURAL CLASS

Trees & Shrubs - Dicotyledons

CONSERVATION STATUS

Not applicable

FLOWER COLOURS

Red/Pink

Reason For Introduction

Horticultural.

Life Cycle Comments

Long-lived small tree

Reproduction

Exclusively by seed

Seed

Winged seeds

Dispersal

Wind and gravity.

Tolerances

Cold tolerant does best in cool areas with high rainfall does not like warm climates
