

LIST OF VASCULAR PLANTS

Linkwood PNAP site 3429, Eastern wairarapa

Grid Ref S28.193.759

Brief (reconnaissance) site visit 3 October 2000

Aalbert Rebergen

The forest remnant is situated on a South facing hill slope, along Whakapuni Stream, just off White Rock Road. Most of the forest block is fenced, although the fencing is often inadequate, with wiring fallen down and/or fenceposts fallen over. A dead tree has fallen over the fence allowing stock access.

The forest remnant has obviously been fenced for a long time, and is diverse and healthy. Dominant tree species are totara, kowhai and kanuka, with some black and white maire, matai, kahikatea and lancewood.

The WRC appears to do pest control in the area (bait stations). There are no significant weeds (other than some hawthorn).

Legal protection of the site is highly recommended, and should include repair (and possibly replacement) of (parts of) the fence.

Gymnosperm trees and shrubs

Dacrycarpus dacrydioides	kahikatea
Podocarpus totara	totara
Prumnopitys taxifolia	matai

Dicotyledonous trees and shrubs

Brachyglottis repanda	rangiora
Carmichaelia australis	native broom
Coprosma areolata	
Coprosma crassifolia	
Coprosma propinqua subsp. propinqua	mingimingi
Coprosma rhamnoides	
Coprosma rigida	
Coprosma rubra	
Coprosma rotundifolia	
Coprosma propinqua x C. robusta (unc)	
Coprosma robusta	
Elaeocarpus hookerianus	pokaka
Hebe stricta	
Helychrisum lanceolatum	
Hoheria sexstylosa	narrow leaved lacebark
Kunzea ericoides	kanuka
Leucopogon fasciculatus	mingimingi
Lophomyrtus obcordata	rohutu
Melicope simplex	poataniwha
Melicytus micranthus	
Melicytus ramiflorus	mahoe
Myrsine australis	red matipo
Nestegis cunninghamii	back maire
Nestegis lanceolata	white maire
Pennantia corymbosa	kaikomako
Pittosporum eugenioides (unc)	tarata, lemonwood
Pittosporum tenuifolium (unc)	kohuhu
Pseudopanax crassifolius	horoeaka, lancewood
Raukahu anomalus	

Sophora microphylla
Streblus heterophyllus

kowhai
turepo, milk tree

Monocotyledonous trees and shrubs

Cordyline australis

ti, cabbage tree

Dicotyledonous lianes and related trailing plants

Clematis foetida
Metrosideros colensoi
Metrosideros diffusa
Muehlenbeckia australis
Parsonsia capsularis (unc)
Parsonsia heterophylla
Rubus schmidelioides

akatea
pohuehue
kaihua, N.Z. jasmine
tataramoa, bush lawyer

Ferns

Adiantum cunninghamii
Asplenium bulbiferum
Asplenium flabellifolium
Asplenium flaccidum
Asplenium hookerianum
Azolla rubra
Blechnum fluviatile
Hypolepis ambigua
Lastreopsis glabella
Pellaea rotundifolia
Polystichum richardii
Pyrrosia eleagnifolia
Phymatosorus diversifolius

maidenhair fern
hen and chicken fern
necklace fern
hanging spleenwort

kiwakiwa

tarawera, button fern
pikopiko
ota, leather-leaf fern
hound's tongue

Orchids

Corybas trilobus "Trotters"

spider orchid

Remaining Monocotyledonous plants

Arthropodium candidum

Daisy-like herbs (Composites)

Craspedia uniflora var. grandis

Dicotyledonous herbs other than Composites

Acaena anserinifolia
Cardamine sp.
Leptinella squalida
Oxalis exilis
Plantago raoulii
Ranunculus reflexus
Stellaria decipiens

bidibidi
yellow oxalis
maruru, hairy buttercup
chickweed

Birds:

Eastern rosella
Fantail
Whitehead
Grey warbler
Magpie
Marsh harrier
Shining cuckoo
